Social Events

State Street Society Hears of South America.
The Woman's Missionary Society of the State Street Presbyterian church met yesterday afternoon in the church parlors. Miss Sarita Jones of the Illinois Woman's College gave the address of the afternoon and gave a most interesting talk on "South America." Miss Jones has lived in South America all her life with the exception of the years she has spent in the United States as a student at the Woman's College. She told of the life and customs of South Americans and of the country itself in an interesting and illuminating manner. After the talk the meeting adjourned to a delightful social hour and the hostess for the afternoon served attractive refreshments. Mrs. William Floreth was the chairman of the committee and she was assisted by Miss Tillie Goebel, Mrs. John Siebert and Mrs. Lloyd Magill.

Freshmen Give Stunt.
The members of the Freshman class of Illinois Woman's College gave a stunt in chapel yesterday morning to boost the endowment campaign which is being staged. The girls gave a clever little scene in the Chemical Laboratory and emphasized the need of more equipment in the department. They brought out the difficulty of experimental work in science when the necessary amount of equipment is not available, and suggested added scientific equipment as one of the reasons for a longer endowment. About twenty-five of the Freshmen girls took part in the stunt.

Meeting Postponed.
The meeting of the Parent-Teachers' Association of the Fourth Ward, scheduled to have been held yesterday afternoon at the Washington school was postponed on account of the election and other matters. The meeting will be held sometime next week.

Y. W. C. A. of Illinois College.
The first meeting of the new Y. W. C. A. cabinet of Illinois College was held Tuesday noon. A delightful luncheon was served by four of the members and a business meeting was held afterwards. Marie Thomas was a special guest. Plans were discussed for the Y. W. C. A. State Cabinet Conference to be held here May 6 and 7. The following chairmen were appointed: House committee, Alice Carter; train committee, Eunice Williamson; gate committee, Mary Beatty, and entertainment, Carol Lander.

Chamaine Club Met Monday.
The Chamaine Musical Club met Monday afternoon with Mrs. A. S. Winey, 112 Park street. Members responded at roll call with current musical events. Mrs. Homer Potter and Mrs. A. S. Proof Readers Meet.
The Proof Readers' Club met last evening at the home of John Kearns on South Mainvalle street. The members of the Scribblers' club which was organized at Illinois Woman's college this winter were asked to meet with the Proofreaders at last night's session and it is probable that the Scribblers will be invited to affiliate with the Proofreaders. The program last evening consisted of some impromptu work and also the reading of another installment of the serial story which some members of the club have been writing.
Orleans Club Met Tuesday.
Mrs. Al Curry entertained the members of the Orleans Country club yesterday afternoon at her home near Pisgah. Miss Tillie Richardson had a paper on "The Seasons," and Miss Florence Cox read an interesting paper on "Signs of the Stars." After the program a delightful social hour was spent and the hostess served attractive refreshments. Among the guests who were invited for the afternoon were Mrs. Eugene Caldwell and Mrs. S. W. Black of Jacksonville; Mrs. Homer Woods and Mrs. Leonard Wood of Pisgah. The next meeting of the club

will be held at the home of Mrs. W. T. Scott, April 25th.

Congregational Women Hear Pastor From Rosemond Ill.
The Woman's Home Missionary Society of Congregational church held the thank offering meeting yesterday afternoon in the rooms at the Pilgrim Memorial. At this time it was the privilege of the members to hear a very interesting and comprehensive address by Rev. Jeanette Ferris, pastor of the Congregational church in Rosemond, Illinois. In her talk Rev. Ferris told of the work of the Home Missionary organization of the Congregational church in the state of Illinois and told of the splendid work which the society is doing. Personal experience in the community where Rev. Ferris is engaged in church and missionary activities added greatly to the strength and interest of her address.

Mrs. E. H. Stickney, of Fargo, North Dakota, who is visiting in Jacksonville with her son, Rev. George E. Stickney, of the Congregational church, also spoke during the afternoon. Mrs. Stickney told of the work in the home mission fields of North Dakota where her husband is the pastor of one of the Congregational churches. Before the addresses a short musical program was given. Miss Lois Harney sang a group of vocal solos and Miss Elizabeth Scott played some violin selections. Miss Catherine Wilson accompanied them at the piano.
At the close of the program afternoon tea was served. The committee in charge of the social hour for the day included Mrs. C. H. Hall, Mrs. W. T. Wilson and Mrs. George Bancroft. Mrs. W. T. Wilson, president of the society presided at the meeting.

Birthday Surprise For Miss DeFreitas.
Monday was the birthday of Miss Madeline DeFreitas who resides northeast of the city and the event was very pleasantly observed by a surprise party in honor of the young woman. The affair was given at the home of Miss Harriet Coffman and the guests were the intimate friends of Miss DeFreitas. The evening was spent in dancing and with games and at a late hour refreshments were served.

The guests were Misses Violet Vieira, Rosa Souza, Madeline DeFreitas; Messrs. Claude Simpler, Carl Christison, Paul Whiteley, Charles Fronnager, James DeFreitas and James Mahoney.
Christian Church Women Hold Pre-Easter Service.
The Woman's Missionary Society of Central Christian church held a very helpful and impressive Pre-Easter meeting in the attractive Phi Nu society hall at Illinois Woman's college yesterday afternoon. Miss Eleanor Thompson acted as the hostess for the day and a splendid program was given under the leadership of Mrs. Aileen L. Rice.
The meeting opened with a song, "Blessed Assurance." The scripture reading was taken from the 15th chapter of John, the Love chapter, given by the leader, Miss Louis Miller sang, "Oh, Love That Will Not Let Me Go," and this was followed by a group of short talks "What Does Christ Expect of Me." These were given by the following:
In My Home—Mrs. A. L. Rice.
Among My Friends—Mrs. Frank Ratachak.
Among My Business Associates—Miss Eleanor Thompson.
In My Church—Miss Lydia DePew.
In My Community—Mrs. J. W. Litter.
All joined in the singing of "Stand Up for Jesus" and a group of prayers was then given. The meeting closed with the singing of "I Love Thy Kingdom Lord" and the Missionary benediction.

Miss Lillian Deters Is Given Surprise.
Miss Lillian Deters, who has been ill at her home for the past five weeks was given a very pleasant surprise last evening by eight of her girl friends in honor of her eighteenth birthday. The guests were the Misses, Irene and Catherine Gustafson, Pauline Hankins, Ruth Peterson, Clara Bond, Margaret Shannon, Mildred Harvey and Dorothy Mills. Miss Mildred Peterson and Miss Catherine Gustafson won the prizes during the evening. Late in the evening dainty refreshments were served.

Chicks thrive on it

There is no reason why you should not raise 90 to 95 percent of your baby chicks. You will raise them, too, if fed to 60 hours after they are hatched you start them on

Blatchford's CHICK MASH

(formerly known as Blatchford's Milk Mash)

And here's the reason. Chicks thrive on Blatchford's. It shields them from white diarrhea, bowel trouble and leg weakness. It provides them with such a variety of essential materials that they grow constantly and rapidly. And it matures them earlier than any other feed you can buy. For utmost success in chick raising feed Blatchford's—right from the start.

NATIONAL FIGURES TAKE PART IN LEAGUE WOMEN VOTERS' FORUM

"Why is the high cost of living still with us?"

Why, indeed? A lot of people—a hundred million or so—would like to know. President Harding called a national farm conference last January to see if he couldn't find the answer to the puzzle.

Each individual man and woman compelled to stretch the elastic earnings to cover bare necessities is trying to solve the riddle.

So, since the question has so universal an appeal, the National League of Women Voters is to make it the subject of an entire evening's discussion at its convention in Baltimore on April 24th.

Mrs. Edward P. Costigan, the National League's Chairman of the Food Supply and Demand Committee, who will lead the discussion, has secured as speakers three nationally prominent men who are singularly well qualified to discuss the causes and remedies of high living costs.

"The League of Women Voters is particularly interested in conditions that affect the food supply of the nation," says Costigan. "Because of these conditions, production has decreased prices have risen, living standards have been lowered, and undernourishment of millions of children has been the direct result."

"Production and Distribution," therefore, the fundamental causes of the high cost of living, will be the subject of the first address, delivered by the Hon. Henry C. Wallace, Secretary of Agriculture. Even had not Mr. Wallace practical knowledge of his subject his official position would give him unusual opportunity to gain nationwide information to discuss his topic comprehensively. He has, however, been a successful farmer and stockraiser, was professor of dairying at the Iowa State College, and is editor of a big agricultural magazine.

Another phase of the question will be discussed by the Hon. Huston Thompson, chairman of the Federal Trade Commission. He will address the forum on "Open Price Associations." As the duty of the Commission is largely investigation of corporations and unfair methods of competition, Mr. Thompson is also to speak with authority from wide knowledge of his subject.

As a remedy for the prevailing high cost of living Senator Capper of Kansas, leader of the so-called "farm bloc" in the Senate, will speak on "Cooperative Associations and Public Markets," a subject in which he is greatly interested. Small wonder, too, for in Kansas alone there are more than 500 cooperative associations. Senator Capper is one of the progressives of the Senate, and a consistent champion of the rights of the mass of mankind.

At the conclusion of each of the addresses time will be given for discussion.

The forum will be held in the ball room of the Belvedere Hotel in Baltimore on the evening of April 24.

WERE DINNER GUESTS OF WINCHESTER CLUB

Football Boys of Community High School are Guests of Honor at Dinner Tuesday Evening—Other Winchester News Notes.

Winchester, April 11.—The Woman's club gave a dinner Tuesday evening in the basement of the Christian church, the guests of honor being the football team of the community-high school and the general public. Mrs. Fritz Haskell president of the club, was the toastmistress and a number of very inspiring talks were given. A splendid dinner was served and later came the program. Greetings were extended to the team members and a beautiful angel food cake was presented to them.

The room was beautifully decorated with the class colors, and members of the football team and the coach were seated at a special table. Mrs. William Coultas was chairman of the general committee on arrangements and deserves great credit for her efforts. She was ably assisted by the women of the club.

President Wainwright of the community high school board talked about plans for future athletics in the new building, and Supt. Smith gave a brief talk on the educational side of athletics.

Mrs. David Hainsfurther discussed the enthusiasm of women for games and athletics. Joseph Brown responded for the football fans and W. D. Gibbs discussed "Some Phases of Athletic Work."

Father O'Mullane talked of "Morale and Spiritual Features of Athletics." Mrs. Cunningham gave a reading, "A Man's Game," by Robert Adair.

At the conclusion of the program Coach Codgill presented sweaters to the following boys: Roosa, Colagan, Hainsfurther, Evans, Miner, Edward Lashmet, Markille, Tippet, Dill, Jonas Lashmet and Peak. Capt. Peak gave the response, thanking the ladies for their kindness and Coach Codgill also made a response.

Mr. and Mrs. James Garrett celebrated their fiftieth wedding anniversary Sunday at their home there. The day was very happily spent, the children, grandchildren and other relatives and a few friends being present to help celebrate the important anniversary. The table was handsomely decorated with spring flowers, and the dinner which was served at noon was a sumptuous one.

Mr. and Mrs. Garrett have long been residents of Winchester. They are members of the Christian church and are among the best known of the older residents of the community. Their many friends unite in extending congratulations.

The board of the community high school met Tuesday afternoon for a business session. President William Wainwright was re-elected and Supt. Smith and Secretary W. L. Bagshaw were named to serve for the ensuing year.

Mr. W. H. Kintson left Tuesday to attend the funeral of Mrs. Ernest Tilton in Jacksonville.

We solicit your ice orders and assure you prompt and courteous service.—WALTON & CO. Phone 44.

H. D. Crum of Literberry spent Tuesday with E. A. Litter on N. Church street.

Obituary**Hembrough**

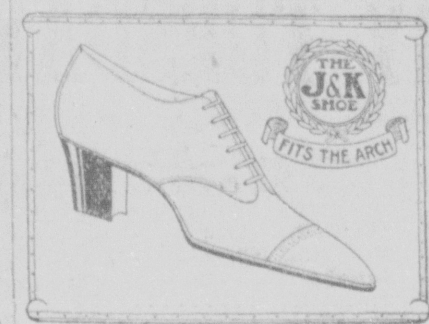

Frederick E. Hembrough, who passed away at his home on Mound Avenue Monday night was well known in this county having lived in this community his entire life. He was born on December 14, 1872, the son of Thomas and Eliza Jane Hembrough who resided on a farm east of Jacksonville.

When a young man Mr. Hembrough began farming, first living on his father's place and later moving to an adjoining farm. He was married in 1894 to Ella Trabue Reynolds, the daughter of Thomas C. and Caroline Reynolds. Mr. Hembrough and his family moved to Jacksonville about nine years ago and have made their home at 1503 Mound avenue.

Mr. Hembrough is survived by his widow, one son, Wallace, and one grandson, Wallace Trabue Hembrough, Jr., one sister, Mrs. E. J. Reynolds, and five brothers, William H., John, James, and Thomas, all of Jacksonville and Charles of Kansas. One sister Mrs. Lee Smith preceded him in death.

Mr. Hembrough was a man greatly respected by all who knew him and he will be missed by his many friends. His was a gentle, kindly nature and in his home, as well as in the community he was loved and respected.

The funeral services will be held at 2:30 o'clock Thursday afternoon at the Reynolds Funeral Chapel.

BIG LEAGUE CLUBS
READY FOR THE GONG

Capacity Crowds Predicted If Weather Men Permits—Land to Attend White Sox-Browns Fray.

By Associated Press.
"Play Ball! Batter up."
This is the command which will usher in the 1922 major league baseball season in the National and American League cities to-

morrow afternoon. Capacity crowds were predicted in the western cities of Cincinnati, St. Louis, Cleveland and Chicago, while New York, Washington, Philadelphia and Boston reported intense interest by the followers of the sport.

CHICAGO, April 11.—Club officials in the western cities said that the advance seat sales were exceptionally heavy. Chicago looks forward to a filled ball park. The weather, however, may prove a handicap in some cities. Cleveland was set for a chilly afternoon with a prediction of rain,

and Cincinnati for cool and windy weather. The prediction for Chicago was for cloudy and unsettled. Fans here, however, were pointing tonight to the proverbial "Comiskey Luck," which usually means clear skies at the Old Romans Park when his club opens at home.

Altho rain has been falling over the middle western states during the past 48 hours clear skies come late today and with the prospect of some wind and a little early sunshine, the diamonds will be in good condition for the initial conflicts.

The usual opening ceremonies will be in order with the mayors pitching the first ball in many of the cities. The Chicago Cubs were reported ready for the Cincinnati Reds in the latter's yard, while the Chicago White Sox were primed for the dangerous St. Louis Browns, at Comiskey Park here.

Word late tonight from Cleveland said that Ty Cobb, manager of the Tigers probably would be unable to get into the fray. He injured his leg during one of the exhibition games and it was said that he would not take any chances.

Alexander The Great has been groomed by Manager Kilmer of the Cubs to do the hurling against Manager Moran's aggregation with Hartnett, a recruit catcher behind the plate.

Eppa Rixey, the elongated twirler of the Reds' staff was expected to oppose the Cubs' ace with Ivy Wingo doing the receiving.

The choice for batteries at St. Louis was undecided tonight. Probably the toughest game in the west will be between the Chicago White Sox and the St. Louis Browns.

Two of the best pitchers in the league are scheduled to enter the fray the White Sox resting their hopes in Urban Fieber, premier pitcher of the league while the Browns will bring out Urban Hoyer who was a close contender for the pitching honors in the Johnson circuit. Ray Schalk will do the catching for the Browns while Severeid will don the mask for the visiting club.

K. M. Landis, commissioner of baseball has made arrangements to attend the game in Chicago between the Browns and the White Sox. All of the cities will have a hand on hand to help usher in the season while the White Sox announced in addition to the band they will render an electrical concert thru the announcators located thru the stands.

Eastern Cities Ready.
New York, April 11.—Major League baseball will make its 1922 debut in four eastern cities tomorrow afternoon provided the weather man has been properly placated in advance.

In the National League the New York Giants will entertain the Brooklyn Superbas at the Polo Grounds in this city and Boston will appear against the Philadelphia team on the latter's field.

American League combinations which will assist in the opening are the Philadelphia Athletics and Boston Red Sox, will meet in Boston and the New York Yankees and Washington Senators who meet in the capital city. In all four cities elaborate ceremonies have been planned to mark the beginning of another long pennant chase.

From all the centers of tomorrow's baseball activity come similar tales of unusual and urgent demand for tickets.
President John A. Heydler from the National League headquarters in this city has been planning for the various official details incident to the beginning of another baseball season for some weeks and the assignment of umpires and other arrangements have been completed.

So far as the eastern opening games are concerned the teams appear fairly well matched in the National League.

STATE CONVENTION
OF MUSIC CLUBS

Will Be Held in Decatur April 25 to 28—St. Louis Symphony Orchestra to Give Program

Chicago—By the A. P.—The annual state convention of the Illinois Federation of Music Clubs will be held in Decatur, Ill., April 25-28, under the auspices of the Millikin Conservatory of Music and in conjunction with the conservatory's annual spring festival. It was announced today.

The business sessions of the convention will be held in the mornings, while the afternoons and evenings will be given over to musical programs. The convention will officially be opened Tuesday evening, April 25, with the addresses of welcome followed by an organ recital of Eric Delamarter of Chicago, assisted by Miss Burnmeister, soprano.

The Wednesday evening program will be given by the St. Louis Symphony Orchestra, which Rudolph Ganz is conductor. Thursday evening the Millikin Conservatory Choral society, assisted by the Symphony orchestra, will present "The New Earth" by Henry Hadley and "Tales of Old Japan" by Colebridge Taylor.

The Friday afternoon program has been arranged especially for teachers and the Parent-Teacher association, and will include an illustrated lecture recital by Mrs. Bessie Williams Boynton, assisted by Mrs. Helen Protheroe Axtel. For the evening a recital by Arthur Kraft, tenor; Rudolph Reuter, violinist, and Mrs. Hans Hess, cellist, has been arranged.

Mrs. Albert J. Oesener of Chicago is president of the organization, and the program is composed of Max Swarthout, Decatur; Eugene Simpson, Taylorville, and Mrs. A. F. Callahan, Chicago.

FRATERNITIES WILL
TAKE INDIAN NAMES

URBANA, Ill.—Organization of 3,500 non-fraternity men has been undertaken at the University of Illinois. Clans with Indian names will take the place of Greek letter fraternities. Non-fraternity men are now grouped in eighty-six clans or units, which in turn are grouped in ten tribes. Advocates of the plan maintain that it will enable non-fraternity for the first time to get together with fraternity men to decide upon important student affairs, and that there will be a sharp demarcation between two classes of men.

A number of units entered relay teams in the intramural relay carnival, held here April 1.

Fraternities were reported as welcoming the system as a co-operative plan.

The new system was devised by Thomas Arkle Clark, dean of men, and was encouraged by President David Kinley, and by fraternity members.

Among the results its promoters expect from the plan are these: a more democratic form of control in student activities; a wider distribution of student responsibility in such activities; benefits of organization for non-fraternity men; formation of nuclei for future fraternities; greater interest in campus activities on the part of non-fraternity men; initiation of freshmen into university traditions, institutions and enterprises.

Each clan is governed by an executive committee elected by its members. The presidents of clans have appointed committees on athletics, social activities, living conditions and "freshmen education." The chairmen of committees will represent the unit in the central organization.

PREHISTORIC MOUND
AT MUSCLE SHOALS

FLORENCE, Ala. — Within sight of Wilson Dam, unit of the government's war project at Muscle Shoals, stands a monument none the less marvelous in its construction which marks the glory of the rule of a lost race, according to ethnologists who lately visited the district.

Prehistoric mound builders or aborigines erected a mound here that has defied the decay of ages. Protected by law, the secrets of the huge pile of earth and stone have been denied the curious as well as the scientific explorer.

The mound stands fifty feet high and covers more than an acre of ground. It is situated on the north banks of the Tennessee river just outside the city of Florence. Small trees and dense shrubbery cover the whole.

The mound has proved of almost as much interest as the government project to the thousands who have visited the district.

Muscle Shoals was a favorite haunt of the Red Man, local history shows. It is believed here that the mound was originally constructed by the lost race of mound builders but was used by the Indians as a mausoleum where the bodies of many great chiefs lay in repose. The story appears to be authenticated that the chief of the last great tribe to inhabit the district was buried there by request so that he might continually hear the splash of the waters as they roll over Muscle Shoals.

ANCIENT SYMBOLS
CHISELED ON ROCKS

Many Bear Striking Resemblance to Chinese Alphabet—Many Caves in the Region.

BOISE, Idaho.—Symbols and signs, chiseled in the rocks, ages ago, were destroyed recently on lava rocks in a remote section of Owyhee County, southwestern Idaho.

Many of the inscriptions bear striking resemblance to Chinese alphabet characters of today, it was said, although archaeologists say they may be anywhere from 400 to 50,000 years old.

Discovery of the inscriptions, which are said to be a mine of archaeological treasure, was made by Robert Lambert, a Boise taxidermist. Their exact location will not be made public until they are examined thoroughly this summer by a number of scientists who are coming here.

The volcanic rock, on which the inscriptions are carved, is scattered over a thirty-acre sagebrush flat. In the immediate vicinity are several caves, around the entrance of which the rocks also are inscribed. It is believed these caves never have been explored. Possibly, it is said, they contain many relics of scientific value.

Two distinct types of carvings, ideographic and pictographic, have been noted. Archaeologists believe the ideographic antedates by many years the pictographic. Both systems have been found together on one rock, and near them

can be discerned what appears to be a third system, supposed to antedate both of the others, but which has weathered beyond possibility of deciphering.

Clear bits of this prehistoric writing are found on one huge waterworn lava 25 feet long, 14 feet wide and 5 feet high. Near the center is a series of triangles believed to indicate Indian troops, and next to them are rows of dots and dashes, thought to be numerals.

Resemblance of many of the inscriptions to the characters of the Chinese alphabet, was taken by some to substantiate the theory that the North American natives descended from a race which came from Asia by way of Bering Straits.

Indians now living in Idaho, when questioned, regarding the carvings, say the more modern or pictographic, are the work of their forefathers, but they assert the others to be the work of spirits.

STRIKING UNIFORMS.

ST. LOUIS, Mo.—The St. Louis Nationals will appear in striking newly designed uniforms this season.

Across the breast of the uniform is a black bar, on which are perched two birds which are embroidered in red silk. The design stands out in brilliant contrast on the white-at-home suit. The visiting uniform is of a blue gray color.

Solid cardinal stockings will be worn and the uniforms will be piped in red.

DAVIS SWITCH

Mr. and Mrs. George Barnhart of South Jacksonville were recent visitors at the home of Mr. and Mrs. C. O. Winter.

There will be special Easter services at the Woodson Presbyterian church Sunday, the children of the Sunday school preparing a very interesting program.

Mrs. Thornton Sheppard, who was called here from her home in Colorado on account of the death of her mother, Mrs. Watson of Winchester, expects to spend several days with her friends, Mr. and Mrs. J. H. Devore near Woodson, before returning to her home in the west.

Mr. and Mrs. Carl Hemmrough and Mrs. George Hemmrough spent a day recently with Mr. and Mrs. C. O. Winter.

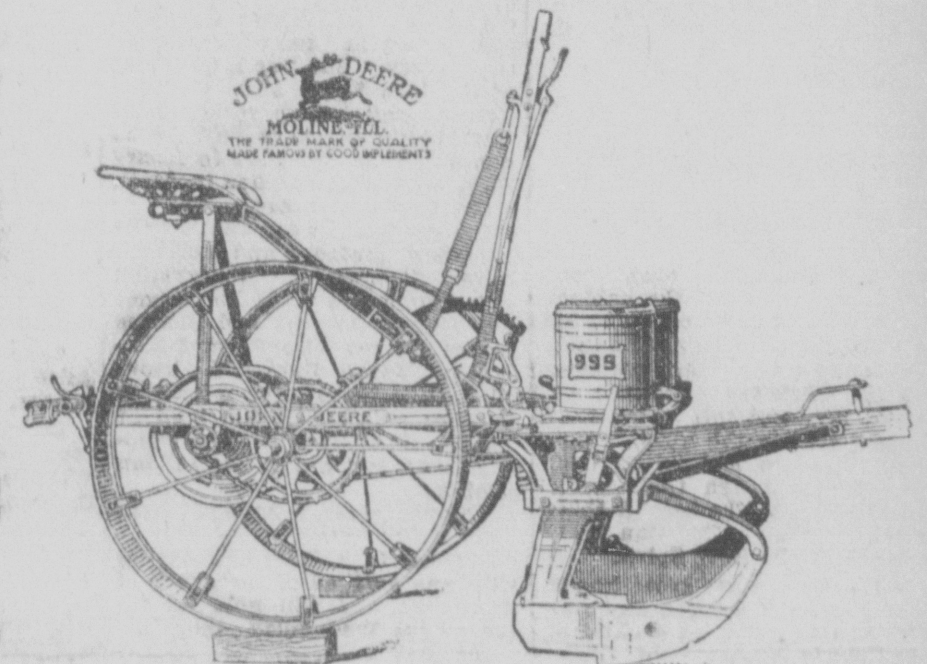

Saturday was school election in this community, the election being held at the Rount school south of the city. John Costello was re-elected as director.

FINE SERMONS HEARD AT NORTHMINSTER

Dr. Sears Delivers Strong Address at Services Sunday Morning and Evening—Large Audience Tuesday Evening.

The services at Northminster revival are growing in interest daily. A large audience was present last night to hear Dr. Sears on the subject, "Lord What Will Thou Have Me Do?" The services on Sunday were especially noteworthy. The theme for the morning sermon was "The Treatment of Old Age," and Dr. Sears emphasized the lack of proper reverence for old age which marks the present generation.

Sunday evening Dr. Sears spoke on "The Two Crises in Human Life." He prefaced his sermon with a beautiful description of Moses as the law giver. The two great crises he described as the crisis of decision and the crisis of action. He said in part:

These come to everyone of us sometime somewhere. Young people decide early. In life you would do in life. Do the will of God and you will succeed. The reason so many make nothing of life is because you never decide to do something and do it with all your might. The spirit of God in your life is your greatest asset. The world is calling for Christian men to fill important positions. Young men decide to have something that the world wants, and the world will pay you any price for it.

While much depends on decision but not all, you must have the will and manhood to put into action your resolutions. Many have lost the battle of life because they were not ready to act at the proper time. The crisis of action will come to you tomorrow, upon which you depend your future happiness and usefulness. Be ready young men for the crisis is when it comes. Learn to say no when it means the doing the right thing.

The greatest crisis in life is when you are called upon to decide for Jesus Christ, and this comes to all for God calls you tonight. What will you do with Jesus tonight?"

The congregation on Monday night was small. A good sized audience heard Dr. Sears last night. He spoke on the subject, "Lord What Will Thou Have Me Do?" Among other things he said: "What do we get when we come into the Christian life? We get eternal life, and this is the need of every soul in the world. It is better that we had never lived if we pass through this world without Christ. The second thing we get by being a Christian is the guidance of the Holy Spirit."

And again we get great honor. What greater honor can any man have than to be called a child of God. Every tendency of Christianity is honoring. It honors the president as well as the lowest of life. In the sight of God

the poor can be honored as well as the rich.

Again we get a chance to work. God has ordained that man shall live by work. Paul's motto was "He that won't work shall not eat." They do nothing but kick and whine but that is not work. The mule that kicks makes no progress while kicking, the same is true with men. Do something worth while if you want to be happy.

If all church members in Jacksonville could have heard Dr. Sears last night and would do what he said, there would not be so many idlers in the church. "Lord what will thou have me to do?"

NOTICE
Members of the Ebenezer cemetery association are requested to attend the annual meeting to be held at the church Monday, April 17, at 1:30 p. m. All interested persons invited.

DIED SUDDENLY AT MURRAYVILLE HOME

Mrs. Ida Mick Passed Away Tuesday Evening at Home of Friend in Murrayville; Was Life Long Resident of Community.

MURRAYVILLE, April 11.—Mrs. Ida Mick, a well known resident of Murrayville, died very suddenly at about 6:30 o'clock Tuesday evening, death being due to heart disease. Mrs. Mick had gone to the home of a neighbor, Miss Margaret Lemon, and while there was stricken with illness, her death ensuing before the arrival of Dr. C. O. Webster, who was hastily summoned.

The deceased was about fifty-three years of age and was born and raised in the Murrayville community. She was a daughter of the late Jesse and Caroline Ketter, well known residents of Murrayville in earlier days. She was united in marriage to Henry Mick, who preceded her in death about four years ago.

The deceased is survived by the following brothers and sisters: Julius Ketter of Murrayville, with whom she made her home; Mrs. Gusie Osborne and Charles Ketter, Murrayville; Edward Ketter and James Ketter, Jacksonville. She leaves also a number of other relatives and a host of friends, all of whom will be deeply grieved to learn of her sudden passing.

No arrangements have yet been made for the funeral.

Coroner C. A. Rose of Jacksonville was notified of the death of Mrs. Mick and will hold an inquest here Wednesday morning.

Mr. and Mrs. Charles Summers of Mercedosa were visitors to the city Tuesday.

MOORE AND ROGERS WIN FOR ASSEMBLY

Unofficial Figures Indicate They Are Given Majorities — Levin High Man in Morgan County—Senator Wheeler Wins Here But Loses in Sangamon.

One of the biggest surprises of the Tuesday primary was the heavy vote for Isidore Levin who carried the county with a total vote of 5,202. His next nearest competitor was Samuel E. Moore, who was given a vote of 4,387. Jacob Frisch finished third with a vote of 2,328 and Rev. E. B. Rogers last with 2,152. Two precincts are lacking in these total figures.

Returns are incomplete from Sangamon County, but based upon the figures from 49 out of 100 precincts, the successful nominees in the district are Dr. Rogers, and Mr. Moore. The 49 precincts heard from are mainly in the city of Springfield, and the outside districts are not expected to change the result. The Sangamon county figures for the precincts mentioned are:

Jacob Frisch 7563
Dr. E. B. Rogers 8666
Samuel E. Moore 9497
Isidore Levin 4122
The indications also point to the election of Earl E. Searey as candidate for senator. Fifty eight precincts out of 100 in Sangamon county gave Mr. Searey 6,889 as against 5,099 votes cast for Senator Wheeler. In Morgan county the total vote for Senator Wheeler was 2847, with 2469 cast for Mr. Searey. The Morgan county lead of about 400 Senator Wheeler had was not sufficient to overcome the majority against him in Sangamon county.

SCOTT COUNTY RETURNS ON DEMOCRATIC TICKET

DEMOCRATS ASKED TO SHOW COLORS

BY M'CORMICK

Wants to Know if They Stand Behind Statement of Cox

(By The Associated Press)
WASHINGTON, April 11.—Democratic leaders in the senate and elsewhere were challenged by Senator McCormick, Republican, Illinois, chairman of the Republican Senatorial Campaign committee today to show colors on the stand taken by their party's titular head, former Governor Cox of Ohio, for continuation of the campaign to have the United States join the league of nations.

Speaking in the senate with reference to the New York address of Governor Cox, Senator McCormick said:

"I want to know whether the views of the candidate for the presidency at the last election are the views of his party here. I am certain they will soon take a stand before the public."

Senator Borah, Republican, Idaho, an irreconcilable of the league of nations controversy of two years ago interrupted the speaker to inquire whether there were not some Republicans who were "growing more friendly" to the league.

Mr. McCormick replied that there was only "an invisible remnant on the Republican side of the senate."

"I am afraid the senator is wrong," returned Mr. Borah. "and further I think the number of pro-leaguers is increasing."

Statements attributed to Governor Cox regarding the economic benefits of membership in the league were derided by Mr. McCormick, who characterized some of them as childish. He declared the former Ohio executive would have the United States grant credits, credits and credits still.

Senator Harrison, Democrat, Mississippi inquired of Mr. McCormick, "as the spokesman for the administration" whether there was truth in the rumors that a bill soon would be offered which would give the United States representation officially on the reparations commission.

Senator McCormick replied that he was not aware of such a move, but declared he was not in touch with all members of the senate and therefore did not know what some of them may have in mind in that connection.

Regarding the Genoa conference, Senator McCormick said in conclusion:

Hope for Future.

"Let us hope that if it accomplishes but little it will point to drastic curtailment of armament and civil expenses, to a balancing of national budgets and a cessation of the printing of fiat money. Then America can help in the economic construction of Europe. That presents an issue on which the parties will not differ."

Senator Borah said the league was no longer an issue. The question for the future campaign Senator Borah added, was whether America should regain its freedom from European alliances. Secretaries Hughes and Hoover he said were working to get America into the league.

"This administration cannot be considered as an anti-league administration," he said. "The most powerful influence in administration are for entering the league and they are doing all they can to take the country into the league."

Senator Ashurst, Democrat, Arizona, joined in the debate to assert that he was not surprised that Mr. McCormick sought to build up a "smoke screen" with the league of nations as an issue.

"It is well that the Republicans search and search far and wide," the Arizona senator said for never in history has such a lamentable record been made by a party as has been recorded since this administration took charge. And then too this barrage which the senator from Illinois attempts to lay down may hide such terrible things as the Newberry scandal, such things as the payment of nearly \$200,000 for a seat in the senate."

Senator McCormick at the conclusion of debate had a quorum summoned and again asked Democratic whether they agreed or disagreed with Governor Cox.

Senator Watson, Democrat, Georgia, a league opponent replied declaring:

"No greater mistake could be made by the Democratic party than to try to breathe the breath of life into that dead issue."

SECRETARY HUGHES SENDS LETTER ON NAVAL REDUCTION

Says to Reduce Below 5-5-3 Ratio Would be Injurious

(By The Associated Press)

WASHINGTON, April 11.—Leaders of the movement seeking to defeat in the house the naval bill proposal cutting the enlisted personnel to 65,000 presented today a letter from Secretary Hughes setting forth the view that it would reduce the American navy below the 5-5-3 ratio as fixed by the arms conference and prove "most injurious" to the nation's interests. Representative Garrett Tennessee the Democratic leader then challenged the doctrine as laid down "in the first official utterance before us," that congress was bound to keep the navy up to the mark stipulated by treaty.

In a letter to Representative Rogers, Republican, Mass., who had asked his opinion because of his work as chairman of the conference, Mr. Hughes said he had been advised by the naval experts that the enlisted strength as provided in the bill was far below the number required to maintain the navy on the basis contemplated by the treaty.

Taking issue with the secretary Mr. Garrett declared:

"The question of size may be open to argument but all that is binding under the treaty is that we shall not go above the 5-5-3 ratio."

While the debate on the bill continued all day, opponents of the 65,000 enlisted provision were rounding up promises to support an amendment making the total number claimed to have been urged by the president. There will be another full day of oratory tomorrow before the house begins consideration of items.

Chairman Kelly in charge of the bill stuck to his post thruout the day clashing often with members opposing him and particularly with Representative Britten, Illinois, ranking Republican committee member.

BORDEAUX MIXTURE GOOD FOR POTATOES

URBANA, Ill.—Not only will the use of bordeaux mixture control "tipburn," a disease of the foliage of potatoes, but the yield of the crop can thereby be increased as high as four times, according to University of Illinois experts who have been conducting experiments in an effort to check this disease of the potato plant.

On fields that were sprayed with bordeaux mixture the yields were 120 bushels an acre as compared with yields of only 35 bushels an acre of unsprayed fields. The latter figure is about the average of the general yield due to the dry weather of the past summer, it was stated.

The potatoes were sprayed three times for the hoppers and though there were ten continuous weeks of dry weather the potatoes made a good showing. Several varieties of potatoes were used but the best results were obtained with Green Mountain potatoes. Tipburn clutches in hot weather and it was formerly believed that the disease was caused by fungus growths aggravated by hot weather. The experiments showed that the disease is caused by the stinging of leaves which deprives the plant of the extra foliage and reduces the growing power.

In spraying these vines a commercial mixture of dry bordeaux mixture was used.

CHICAGO, —"The lonely couch-puncher or sheep-header reading a thumb marked novel of metropolitan society life, beside his camp fire on the western plains might exchange jobs with a clerk in the Chicago postoffice to their mutual satisfaction, according to the librarian at the postoffice "swing room" recreation center of the clerks off duty.

Seven hundred of the 11,000 postoffice employees in Chicago are regular patrons of the public library branch maintained at the postoffice. Their favorite fiction includes the books of Jack London, James Oliver Curwood and other authors of wild west, far north and sea stories. "They want action stuff," the librarian says. "And the girls like the love stories."

Next to the red-blooded fiction the strongest demand is for text books on a wide variety of subjects. Hundreds of the younger extra clerks are students in various schools and colleges in Chicago, working in the postoffice to pay their way through school. Between shifts they do their studying in the "swing room" library.

The "swing room" itself occupies several thousand square feet of floor space, and at any hour of the day or night from 100 to one thousand men and women are gathered there resting, reading, playing cards or checkers, or patronizing the cafeteria which they themselves operate on a cost basis.

PUBLIC SCHOOLS PLANNING CONTEST

Will Be Staged During Clean Up Week—Prizes will be Given for Best Essays.

The Jacksonville public schools are planning an essay contest to be staged during Clean Up Week, April 17-21 for the purpose of interesting the children in the campaign for cleaning up the city. The contest is open to the children in grades 5 thru 9 and are to be about two hundred words in length. A special prize of \$5 has been offered by the Metropolitan Life Insurance Company for the best short theme written on one of the five titles to be suggested. This contest is open to a large number of pupils in the schools and some interesting themes are expected from the children's pens. The contest is for general educational purposes as well as an incentive for work and interest in the Clean Up campaign.

Five titles will be given out and on Friday, April 21st the pupils will be told which one is to be written on. All five are to form subjects for composition and study during the week. The titles suggested are as follows:

- 1.—Why Jacksonville should have a Clean Up Campaign.
- 2.—How can a Clean Up Campaign boost our city?
- 3.—How can Children Clean Up our City?
- 4.—How can we keep our City Cleaned Up?
- 5.—How will a Clean City affect our general health?

CHILDREN LEARN AMERICAN GAMES

TIRANA, ALBANIA—Albanian children are learning to play for the first time since the beginning of the war and are being taught American games. This has been made possible by funds contributed by America's children to the Junior Red Cross.

Until now the children of Albania have never learned to play or a laugh. Ten years of war and internal strife denied them entrance into childhood's promised land. But every day now, outside the old Parliament building in Tirana, schoolboys may be seen playing Prisoners' Base, Burn the City, Duck on the Rock, Hop Scotch and other games that have made the American children the brightest in the world.

The girls indulge in all the games and frolics popular among the little sisters in America. During school hours they are taught also to sew, embroider and care for the sick.

MAGNA CHARTA MOST POPULAR MANUSCRIPT

LONDON—After 700 years, Magna Charta remains the most popular British manuscript. Last year 14,000 persons went to the British Museum to see it. Americans invariably ask to view the famous charter which insures Englishmen their rights, according to the museum custodians, but other foreigners take more interest in the Papal Bull which is displayed next to it.

Heavy green blinds are kept over the precious parchment to exclude the full light rays and thus prevent deterioration but are lifted to show the charter to admiring pilgrims.

Most persons are disappointed at not seeing King John's signature, according to an official at the museum, but they seem satisfied when they read the script that it was "given by our hand in the meadow which is called Runimede between Windlesor and Stanes, on the 15th day of our reign, (1215.)"

HIGH SCHOOL NOTES.

There will be a meeting of the Junior Senate of the high school this evening at the close of school. The program has been announced as follows:

- 1.—Debate. Resolved that the United States should cancel the Allied Debt.
- Affirmative, Theodore Wetzel and Jane Smith.
- Negative, Helen Bergstrom and Clarence Wilson.
- 2.—Declamation, Dorothy Dunavan.

The high school "Forum" will also meet this evening at the close of school. The following program will be carried out:

- 1.—Reading, Vivian Pires.
- 2.—Reading, La Vinia Scott.
- 3.—Debate. Resolved that County Life is more pleasant and profitable than City Life.

Affirmative, Harry Furry and Keith Scofield.

Negative, Lee Baldwin and Edward Hill.

Evangelist Dunk who is conducting revival services at the First Baptist church was present at the Assembly exercises yesterday and led the high school students in group singing. Evangelist Dunk also sang a number of songs and the students were very enthusiastic over his singing.

Two games in the Girls' Interclass basketball tournament which is being staged at the high school will be played this afternoon, beginning at four o'clock. The results of the games already played show the Senior teams to be in the lead. The senior quintet has defeated the Sophomores and the Juniors and this afternoon the Senior girls will meet the Freshman team. The other game will be between the Sophomore team and the Independents.

MISS CRUM GETS ARTICLE IN MAGAZINE

Miss Annabel Crum, head of the secretarial department of Illinois Woman's College has recently had an article of hers published in the "Gregar Writer," which is a magazine published by Charles Swann. Miss Crum wrote a reply to an article which appeared in the magazine on, "The Stepmother's Influence on Business English." The letter which Miss Crum wrote was considered by Mr. Swann, the best of the many which he received and it was published in full.

WESTMINSTER DOINGS

Tonight the Annual Congregational meeting will be held, beginning with a supper at 6:30 given by the Ladies' Aid Society. A large attendance is expected. Funeral services for Mrs. Ernest Tilton will be held from the Reynolds Chapel at 10:30 o'clock this morning in charge of Dr. Thomas W. Smith pastor of Westminster church.

Glenn Edwards has returned from Ashland, where he spent the week end.

MANY AUTOMOBILE LICENSES ISSUED

Total of 533,000 Issued so Far in 1922—Secretary Emmerson Says Department is a Month Ahead of Last Year.

SPRINGFIELD, Ill.—A total of 533,000 license plates for automobiles have been issued in Illinois to date, 60,000 more than were issued in the same period last year, Secretary of State Louis L. Emmerson said today in a statement in which he denied reports he said were in circulation that the automobile department has been swamped with applications and is behind in sending out license plates.

"We are a month ahead of last year's mark, and that was the banner year up to that time," Mr. Emmerson said. "During the rush season more than 10,000 licenses were issued and the plates mailed out each day. Every application has received attention on the day it reached the department."

Mr. Emmerson said he believed reports that the department was behind in its work were inspired by persons anxious to find an excuse for their delinquency in obtaining license plates, and that they were spread thru ignorance of the real conditions.

"For several weeks," Mr. Emmerson continued, "a force of inspectors from my office, armed with authority to arrest delinquents has been scouring the state in an effort to force those who have not applied for licenses to send in their applications at once. There is absolutely no excuse for the man who is operating his car without a license. At any time since January 1, he could have had new plates on his car within three days at most from the time he mailed his application."

"There was once a time when the automobile department annually was several weeks behind in filling orders, but that time is past. The department is organized now so that it can carry the peak load with the promptness and efficiency of a carefully managed business institution."

BEAUTIFUL HANDS ARE A THING OF THE PAST

ODESSA.—Beautiful hands are a thing of the past in Russia. The hands of handsome women are hard and horny, almost as those of field laborers. They have neither hot water nor soap in which to wash them, nor salves and cold creams to prevent chapping.

Constant household labor in their single rooms, making fires for cooking, carrying water, chopping wood and many other primitive duties have hastened the effect of cold and dirt.

The hands of men and women of the theater, opera, pianist and instrument players, are in the same condition.

Mal-nutrition is another cause. Lack of milk and fats has wrought havoc with tender skins. Many women's cheeks are mottled like the skin of a fish. The same cause has hastened the decay of their teeth.

PULITZER BUST SHOWN.

ST. LOUIS Mo.—A bronze bust of the late Pulitzer, owner of the St. Louis Post Dispatch and the New York World, has been placed on exhibition in Jefferson Memorial here by the Missouri Historical Society, Frederick Blaschke of Budapest, Hungary was the sculptor.

Frank Drury was listed among those who called in the city on business yesterday from the Orleans vicinity.

Kellogg's SHREDDED KRUMBLES

deliciously flavored
WHOLE-WHEAT

The Spirit of Old College Days!

It's a wonderful thing for women and men to "carry age" gracefully; to retain mental keenness through physical fitness! Compare such women and men with puny, faded examples of humanity! Did you ever consider that these rugged folks came by their health largely through childhood food—food that made red blood and bone and muscle!

Don't let your children grow up puny, undersized weaklings through eating denatured, bleached-out foods! Protect these little folks with Kellogg's whole-

wheat KRUMBLES—with the delicious whole-wheat flavor for the first time!

KRUMBLES will build strong bodies; KRUMBLES will make red blood and bone and muscle and rugged constitutions! Because KRUMBLES, with every atom of whole wheat, contain every food element that the human body needs!

KRUMBLES renew the strength of men and women who do the world's work! KRUMBLES provide food that sustains the aged as nothing else can! All grocers sell KRUMBLES.

The only whole-wheat food with a delicious flavor!

SCHOOL ELECTION IS HELD AT WHITE HALL

President and Members Re-Elected for Another Term at Recent Election — Other White Hall News.

White Hall, April 10.—An election for president and two members of the board of education was held Saturday, in which there was slight evidence of contest over the retention of the retiring boarders.

The total vote was 315, and for president Louis Lowenstein received 250 and Harry Winn 45. For members, Dr. A. C. Rich received 244, J. C. Spencer 254, E. C. Mann 36 and Fred Martin 35. Thus the retiring president and members were retained.

The situation with reference to the new high school remains in the hands of the architect, whose plans are promised for submission by the middle of the present week. Every indication is that the location of the building will entail the removal of the elegant Griswold residence on North Main street. Public sentiment should unite on some course of action to save this fine residence structure for public use. Those who have surveyed it declare it is ideally arranged with possibly slight changes for hospital purposes, and there should be pressure brought from some quarter to bring this to a reality. This is of more importance to the community at this time than the expenditure of thousands of dol-

lars on improvement of church properties. The money expended on the improvement of the Presbyterian church would procure and largely endow this Griswold structure as a hospital, and the Baptists are now getting in line to spend some \$20,000 for building purposes which if devoted to a hospital enterprise would stamp the church as generous of accomplishing something besides facilities for gathering together in formal worship and social functions. The board of education is anxious to receive suggestions and propositions along the line of disposing of this residence building to the very best advantage, and quick action is essential if the educational body is to be aided in preventing the sacrifice of the possibilities of the public hospital.

The price of high grade dairy cattle shows a very healthy condition at White Hall through a transaction whereby Ward Hull, proprietor of the Hull Jersey Farm sold seven calves of the St. Mawes family of Jerseys, aged five weeks to yearlings, for \$1,000. The purchaser is S. F. Beetz of Mendota, Illinois. Mr. Hull specializes on the St. Mawes and Rosaire Olga Lad breeding in his herd of Jerseys. He is now milking one heifer three times a day that promises to show a record in production of butterfat when its tabulation is made.

Mrs. Elton Day, an old resident of the vicinity of Alsey, died at 8 p. m. Saturday, the cause of death being dropsy. Her age was 66 years past. Her maiden name was Mary Gurley, and she was twice married, her first husband being named Doss, by whom she has a son, James Doss, who survives. The Day family resided about 2 miles south and east of Alsey. Funeral services will be conducted by Rev. T. M. Marsh in the Baptist church at Barrow at 11 o'clock Tuesday, and the burial will be in the Edwards cemetery at Patterson.

"FLU" LEAVES PATIENT WEAK AND NERVELESS

Regains Strength After Almost Giving Up Hopes of Recovery

Spanish Influenza or "Flu" as this dread disease is now generally called, almost invariably leaves the sufferer weak, nervous, discouraged and depressed. As a matter of fact, some people never fully recover from the effects of "Flu" simply because they do not know there are remedies that will bring back their health and strength.

In a letter, Mrs. Jonas Myers, R. F. D. No. 1, Kelly's Station, Pa., tells how she counteracted the effects of a severe

attack of "Flu" after trying various remedies. She says:

"I never took any medicine that did me so much good as Dr. A. W. Chase's Tonic Pills. I had the 'Flu' and after I got over it, was so weak and nervous, I could hardly get around. I tried different medicines but was no better when I quit using them than before I started. A friend sent me one of your booklets and I read of Dr. A. W. Chase's medicines. I may say that I had given up all hope of ever getting better, but three

boxes of Dr. A. W. Chase's Tonic Pills made me feel like a new person. I feel now as if life was worth living once more, and am recommending Dr. A. W. Chase's medicines to everyone I know."

You can buy Dr. A. W. Chase's remedies at all drug stores. To be sure of getting the genuine, see that the portrait and signature of A. W. Chase, M. D., are on each box. This trade mark is your protection against imitations. —Advertisement.

When

you repair your car without regrounding the cylinders (which makes them round and true) you overlook the first and most important step in making your old car run as it should.

Because you know when an automobile comes from the factory the engine has true round cylinders. You also know as soon as you run your car wear takes place in the cylinders.

Unfortunately the wear is not uniform in the cylinders and they wear "out of round."

Hence the necessity to again round them up before new pistons can be installed successfully.

AMERICAN LEGION NEWS NOTES

Jobless and without money, F. W. Smith of Omaha, Neb., ex-soldier and head of a family of three, grasped at the chance for "work" offered by the American Legion employment service and sold a pint of his blood for \$25. By his act Smith saved the life of Edward Belitz, Belgrade, Neb., farmer, who had been severely injured.

Ten dollars for each month's service, with 25 per cent additional for overseas service, is to be paid world war veterans of Maryland under the provisions of a bill which passed the Maryland House of Delegates with only four dissenting votes. The act provides for a \$9,000,000 bond issue, to be passed on by the people.

Reorganization of war-time draft boards to assist the American Legion in finding jobs for ex-service men has been proposed by Dr. John Grier Hibben, president of Princeton University, Syracuse, N. Y.

American ex-service men in New Zealand and Denmark have joined together and formed posts of the American Legion. The ex-service men's organization now has 11,013 separate posts, located in practically every civilized country.

After the college trustees had refused their request to have college President C. D. Duniway removed from office, students at Colorado College set off a huge firecracker on "prexy's" lawn, burned red fuses and hailed the American flag to half mast. For the latter act they aroused the wrath of American Legion

NOTICE

Notice is hereby given to all persons interested that the City Council of the City of Jacksonville, Illinois, having ordered that a local improvement, consisting of a street pavement, be constructed on West College Avenue, in said city, from the west curb line of South Sandy Street, running thence west along said Avenue to the intersection of the West City Limits with said West College Avenue, which said pavement shall be constructed in accordance with the plans, plats and profiles on file in the office of the City Clerk of said city, and which said improvement shall consist of a sheet asphalt pavement with a combined concrete curb and gutter on each side of said asphalt pavement, and said asphalt pavement shall be constructed in the following manner: that the top layer of the old brick pavement shall be removed, and all holes and ditches filled, as provided in said ordinance, and brought to grade eight inches below the surface of the finished pavement when completed. Upon this sub base there shall be placed a layer of concrete five inches in thickness. Upon the concrete base there shall be placed a binder course one inch in thickness composed of coarse aggregate sand and asphaltic cement, and upon the binder course shall be laid a wearing course two inches in thickness composed of refined lake asphalt, heavy petroleum oil, clean sharp sand, and fine powdered carbonate of lime, with a coat of hydraulic cement, which said improvement shall also include necessary concrete headers, brick catch basins and storm water inlets, all of which is further shown and more particularly described in the plans, profiles and specifications for said work on file in the office of the City Clerk of said city, to which reference is hereby made, the ordinance for the same being on file in the office of the City Clerk of said city, and also made a part of the petition in this proceeding, and said City of Jacksonville, Illinois, having applied to the County Court of Morgan County, Illinois, for an assessment of the cost of said improvement, as provided in said ordinance, said assessment being payable in ten installments, each bearing interest at the rate of six per cent per annum, and an assessment therefor having been made and returned to said court, the final hearing thereon will be had on the 28th day of April, A. D. 1922, at the hour of ten o'clock A. M., or as soon thereafter as the business of the court will permit.

All persons desiring may file objections in said court before said date and may appear at the hearing and make their defense. Dated at Jacksonville, Illinois, April 10, 1922.

members who demanded that the flag be rightly hung.

A questionnaire, "What will you do with your state bonus?" conducted by the Toledo, O., American Legion, was answered by ex-service men as follows: 16 would use the money to help defray the cost of a home; 13 to pay hospital and other bills; three for clothing; two for furniture; one for a Ford and seven would bank the entire amount.

After being picked up by American Legion members while wearing the uniform of a Belgian aviation lieutenant, Emile Lamard, Grand Rapids, Mich., tobacco dealer, was sentenced to six months in jail by District Judge Sessions. His honor then turned on court officials and took them to task for allowing Lamard to appear in court attired in his bogus regalia.

When state officials of the American Legion in West Virginia heard that several ex-service men's organizations were considering asking Jack Dempsey to appear before them, they issued a statement which refused sanction to any affair to which the world's champion might be invited.

A store for the sale of articles manufactured by the sick and wounded ex-soldiers now in South Dakota hospitals has been opened by the American Legion auxiliary of that state. The proceeds will be used to buy additional comforts for the disabled veterans.

Describing the Social Science club of the University of Wisconsin as a "group of un-American radicals and extremists who are inciting unrest among the student body," the University American Legion post has adopted a resolution asking the student senate to abolish the organization.

During the past few months the American Legion at Toledo, O., has caused 32 persons to be put in jail for failing to collect funds for sick and wounded world war veterans, obtained the release from jail of seven ex-soldiers, found jobs for 1,057 more and conducted 135 military funerals.

Large numbers of ex-soldiers who are suffering from shell shock are looking for work in New York City. The American Legion obtained work for one but he got into such a heated argument with the man who was hiring him that the Legion had to take him away and arrange for his commitment in a government hospital.

A tract of land along the Potomac river has been turned over to American Legion and other veterans' organizations for use as a summer camp for the hundreds of disabled ex-service men from Maryland and West Virginia who are now confined in the four government hospitals at Washington, D. C.

News reaches some places quicker than it does others. The American Legion has received a letter from a world war veteran who says, "I understand the government is giving us adjusted compensation with the option of taking land or money. I've just discovered an island in the St. Lawrence river that I want, so tell the government I'll take that."

In order that the products of ex-service men in South Dakota hospitals may be sold and the profit returned to the men, the American Legion auxiliary has opened a store for the sale of these articles.

MEMORIALIZE DAYS EARLY RAILROADING

Rock Island Will Plant Trees this Year to Celebrate Seventieth Anniversary First Train From Chicago to Joliet.

CHICAGO, Ill.—Day of western railroading when the west was young will be marked by memorial tree planting this year by the Rock Island Lines during a celebration of the seventieth anniversary of the running of the first train from Chicago to Joliet. That was in October, 1852, and things in a transportation way have changed since the day when the passengers gladly got out and helped the crew load a new supply of coal or wood.

Plans worked out by the Agricultural Department of the railroad and the American Forestry Association provides for the planting of these memorial trees in connection with the town and station beautification campaign the road has inaugurated.

The anniversary celebration by the Rock Island will be inaugurated with the planting of memorial trees first at the division points such as Chicago, Little Rock, El Reno, Davenport, Des Moines, Omaha, Denver, St. Paul, Kansas City and Minneapolis. There will be seventy trees planted at Chicago to typify the number of years the road has been in operation in Illinois. At El Reno Okla., thirty-three trees will be planted because of the years the road has been in operation in that state. There will be thirty-four trees on the Kansas division, thirty-one on the Iowa division, and fifty trees on the Missouri division. After the division points the smaller towns will take up the work. The American Forestry Association will register the trees on its national honor roll.

"Old timers" who remember the "America," the old silver engine, No. 109, have been asked to notify the Rock Island Lines for there will be a place for them in the celebration program. "Little Mary Quail," the first woman passenger on the Rock Island, who saw the division to Joliet completed in 1852, would have had the place of honor but she died a short time ago. As a girl she carried lunch to her brother, construction foreman, and played along the tracks when the line was built. On the day the first train moved out of Chicago, President Farman lifted her up be-

side him and she made the trip as "the first woman passenger."

At Joliet where the big dinner was served she sat next to the president of the road. The Quails had moved from Kenosha, Wis., so that her brother could do the construction work.

Has Unique History
No. 109 has a unique history. Built by the Grant Locomotive Works at Paterson, N. J., the boiler, steam chest, dome and smoke stack were covered with a thin sheet of German silver. No. 109 was exhibited at the World's Fair in Paris in 1887. John F. Lacey, honor man and engineer of Chicago now retired, once helped to polish old 109 as one of his first duties with the road. Lacey is the engineer, who in fifty-two years of service traveled more than ninety-five times the distance around the world and never had an accident. He is one of the seven who planted a tree in the Honor Row at Midlothian, Ill., each having been in the service fifty years or more.

When the silver engine was brought to Chicago it was a sensation. The engine arrived in May 1869 at the LaSalle Street station, the second structure to be built at La Salle and Van Buren streets. On the Fourth of July of that year, bedecked with ribbons and polished until she glistened, No. 109 pulled out of the station with a special train of seven cars and headed for Council Bluffs, the road to which had just been completed.

Officials and their guests crowded the train and thousands lined the right-of-way to see the "silver engine" that had been to Paris. In every town of any size there were brass bands, parades and speech making. At Colona, Ill., the fuel gave out so President Tracy, with members of the board of directors, aided by townspeople turned in and loaded the tender with wood. The fire boxes in those days were made to burn either wood or coal. There was a stopover of one night at Davenport for two reasons. One was to let the passengers get a little rest from the continual celebration and the other was to give a night force an opportunity to polish the engine again, for thousands of hands had ruined the lustre of 109, so anxious were the owners of the hands to see if it was german silver.

After several years of service 109 found its way to the junk man after pumping water for a florist for some years and helping to heat his green house. Old 109 is gone but her story will be told anew in the seventieth anniversary celebration of the pioneer days of railroading.

COAL IMPORTS TO DENMARK DECLINE

COPENHAGEN—Imports of American coal into Denmark declined heavily last year and Great Britain again took the lead in Danish markets.

In 1920 the United States supplied about one-half of the 2,200,000 tons of coal Denmark

imported but in 1921 that country supplied less than one-tenth of the total coal imports.

Mrs. Ezza Vaughn and Mrs. Frank King of Chanterville were listed among Tuesday shoppers in Jacksonville.

Dr. C. W. East of Springfield was in the city Tuesday evening on professional business.

Dr. F. A. Norris made a professional visit to Virginia yesterday.

YOUNG GIRLS NEED CARE

Mothers, Watch Your Daughters' Health

Health Is Happiness

From the time a girl reaches the age of twelve until womanhood is established, she needs all the care a thoughtful mother can give.

The condition that the girl is then passing through is so critical, and may have such far-reaching effects upon her future happiness and health, that it is almost criminal for a mother or guardian to withhold counsel or advice.

Many a woman has suffered years of prolonged pain and misery through having been the victim of thoughtlessness or ignorance on the part of those who should have guided her through the dangers and difficulties that beset this period.

Mothers should teach their girls what danger comes from standing around with cold or wet feet, from lifting heavy articles, and from overworking. Do not let them over-study. If they complain of headache, pains in the back and lower limbs, they need a mother's thoughtful care and sympathy.

A Household Word in Mother's House

Milwaukee, Wis. — "My daughter took Lydia E. Pinkham's Vegetable Compound as she was so weak and did not feel like going to school. She was like that for a whole year before taking your Vegetable Compound. I found a little book of yours in our mail-box and decided to give her your medicine. She is now strong and well and attends school every day. We recommend your Vegetable Compound to all mothers with weak daughters. You may use this letter as a testimonial." — Mrs. E. KLUCZNY, 917 20th Ave., Milwaukee, Wis.

"I was always feeling tired and sleepy, was losing in weight and would faint at times. I had other troubles too, that made me feel badly. I read your little books and heard friends talk about the good Lydia E. Pinkham's Vegetable Compound had done them, so I have taken it too. The results are most satisfactory, for I have gained in weight and my bad symptoms are gone. I recommend your Vegetable Compound to all my friends and you may make whatever use you like of this letter." — GLORIA RAMIREZ, 1116 9th Ave., Tampa, Fla.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free upon request. Write to the Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

TELLS OF DIFFICULT TRAVEL IN RUSSIA
Trains Are Like Riding in Monkey Cage Relief Workers in Russia Say.
Rezhoff, Russia—By the A. P. —An American who has spent four days and nights in a poultry car on a freight train held up a Dakota blizzard or had been trapped by a snowstorm for an equal length of time in a travelling monkey cage, would have some idea of experiences sometimes encountered this winter by American relief workers and other travellers from Riga to Moscow.
In the summer, an "express" schedule averaging about 48 hours is maintained between Riga and the Russian capital but in the winter when snow drifts into the cuts and zero cold makes it almost impossible to keep up steam in the leaky, woodburning locomotives the seven runs anywhere from 70 to 100 hours, most of which are spent not in moving but in waiting to move.
One or two "thru" cars, generally without upholstery but reasonably clean—at the start of the voyage, are operated on the bi-weekly trains. They are compartment cars, having a dozen or so little rooms with sleeping bunks for four or two persons.
On one recent trip, the average was seven persons to each four bunk compartment in which the occupants, ate and slept all the way to Moscow. There is, of course, no dining car and hot food is difficult to obtain at any of the Russian stations.
Russian cars, in the winter, are practically air tight. The only way to open a window is to break one. After a few hours, therefore the general atmosphere resembles that of a monkey cage whose keeper forgets to clean it since the winter previous and into this is poured smoke from pipes, cigarettes, cigars, fumes from alcohol stoves and from spluttering candles. There are no electric lights nor oil lamps and the travellers bring their own candles.
As each traveler brings his own bedding and food for the trip in addition to some supplies for use within Russia and his ordinary travelling luggage, the corridors and compartments of the cars are so cluttered that the passengers have to stand edgewise to move from place to place. Fat men with large stomachs pry themselves into their compartments and stay there. The bunks for sleeping are six feet long and three feet wide. With seven in one compartment, three of the bunks are occupied by two persons each.
Crowding to this extent, however, is not common. When it does occur, women passengers faint, windows are broken open and the atmosphere relieved, generally about the third night out.

PLAN REVIVAL OF HORSE RACING
St. Louis May Again be the Scene Of Racing Events—For Many Years Was One of Leading Race Centers of Country.
ST. LOUIS, Mo.—Revival of horse racing in St. Louis is planned by Joseph A. Murphy, local race track promoter.
Creation of an annual livestock and agricultural exposition here through a limited season of high class racing is proposed by Murphy, who said he has an organization of two hundred leading business and professional men of the city pledged to support the movement.
Legal determination of the status of the sports in Missouri is necessary before any definite steps can be taken toward formation of a club to promote the racing, declared Murphy, who aided in forming the Business Men's Racing Association of New Orleans and Mobile and the Mexico City club.
Revival of the American derby is one of the principal features of horse racing planned by Mr. Murphy who was invited by a group of business men of Chicago to give his advice on the project. He said the Chicago men were supporting the plan for the running of the American derby and also a limited season of racing. The promoter was the first secretary of the Harlan race track and served at every track in Chicago.
Mr. Murphy contends that an exposition cannot be either financed or maintained without racing, that everything an exposition needs is placed on a race track, and that the racing club eventually finances the exposition and becomes one of its subsidiaries. He asserted he had presented the proposition to the local Chamber of Commerce for consideration.

COURT OF HONOR
MET TUESDAY
The Court of Honor Life Insurance Company held a county court convention Tuesday morning in the Court of Honor Hall. The following officers were elected: President, E. E. Hatfield; secretary, Henry Lindeman; treasurer, Jacob Rodersheimer. Committee on credentials, P. J. White, Jacob Rodersheimer and Mrs. Mary Buracker.
At this meeting delegates to the state convention, to be held in Decatur May 2nd, were named. Mrs. Nora B. Wood and Henry Lindeman were appointed as delegates and Perry White and E. E. Hatfield were named as alternates. The next convention of the company will be held in Morgan county in 1926.

C. OF C. TO HOLD FORUM MEETING
Subject Will be Transportation—Railroad Representatives Will Be Here.
The Chamber of Commerce is planning a big Forum meeting to be held next week on the subject of "Transportation." Thursday, April 20th was the date announced by Dr. Carl E. Black, Forum president, after a meeting held yesterday. At this meeting there will be discussion of the passenger service to and from Jacksonville and an effort will be made on the part of business men and representatives of the railroads, to obtain a better working schedule for passenger trains.
Representatives of the C. & A., the Wabash, C. P. & St. L. and the C. B. & Q. railroads will be present at the meeting and will confer with the members of the Chamber of Commerce. The meeting will be in charge of the traffic committee of which Charles Fielder is the chairman. The object of the meeting is not to talk freight rates but to have a good discussion on the subject of passenger service in and out of this city. Better train service and better waiting room accommodations for the traveling public will be the objects toward which the conference at the forum meeting will work.
There will be a meeting in Springfield Monday April 18th before the Illinois State Commerce Commission in regard to the application with the C. P. & St. L. railroad has filed, asking for permission to make a change in its passenger service. The officials of the road are asking that No. 35, the train arriving in Jacksonville at 1:30 A. M. be taken off. Representatives of the Jacksonville Chamber of Commerce will attend the hearing.

WHEAT DECLINED
IN PRICE MONDAY

By Associated Press.
CHICAGO, April 11.—Wheat
declined in price today largely as
a result of the downward ten-
dency of Liverpool quotations and
weakness of foreign exchange.
The close was unsettled 3/4c to 2c
lower with May \$1.31 1/2 to
\$1.31 1/4 and July \$1.20 to \$1.20 1/4.
Corn finished unchanged to 1/4
off, oats unchanged to 1/4 down
and provisions unchanged to a
setback of 20c.

It had been expected by many
that wheat traders in view of
yesterday's advance in values on
this side of the Atlantic the
Liverpool market this morning
would show an upturn. Disap-
pointment in this respect was em-
phasized particularly by a decline
in sterling and by advices of dis-
turbed financial conditions in
Greece. Besides export demand
was slow and the view was pres-
sured that all known bullish factors
had been fully discounted for the
present.

Better milling demand at St.
Louis, Kansas City and Omaha
helped somewhat at one

A Careless Habit

Don't buy a can of baking powder without knowing the exact weight of the contents—it's a careless habit and an expensive one.

Some baking powders are now put up in 12 oz. or 3/4 pound cans instead of 16 oz. or full pound cans as formerly. Your eye may not detect the difference in the size of the can—so always look at the label—know that you are getting 16 oz. or a full pound when you want it.

Remember when you buy Calumet Baking Powder you get 16 oz. — a full pound. The one pound size of Calumet has never been reduced.

That's one reason millions of housewives prefer and use Calumet. They also know that it produces pure, sweet and wholesome foods.

Calumet is the largest selling brand in the world — buy it — try it.

OLD JACKSONVILLE

AUGUSTUS K. BARBER

(BY ENSLEY MOORE)
Member Illinois State Historical Society

Augustus K. Barber was born in Pittsfield, Massachusetts, June 10, 1802. Died in Humboldt, Kansas, December 12, 1888.

Mr. Barber was a son of Joseph Barber, of Pittsfield, and his wife, Clarissa Keat of Dorset, Vermont.

The Barber family came from the north of England to Windsor, Connecticut, about 1636. They became prominent in church and political matters, holding offices, therein. Matthew Barber of Pittsfield, Massachusetts, father of Joseph and grandfather of Augustus K. Barber, served in the Revolutionary War in support of the Continental Congress.

Joseph Barber apparently came west from Vermont, supposedly Dorset, with his family, including Augustus K., to Delaware county, Ohio, about the year 1808, and they all came on to Bond county, Illinois, in 1817, one year before Illinois became a state. A. K. lost his mother in 1820.

Augustus K. Barber soon came on to Greene county, Illinois, which then included what is now Morgan county, and taught school in Greene before coming to Morgan to live, which he did in 1824. He at first taught school in Morgan county, about in the Liberty neighborhood, about six miles west of where Jacksonville is now located. He was a man of fine mind and good education for the early days here, and he observed and has described one of the earliest wind storms recorded in this region after the White Man came to these parts. He surveyed as well as taught.

In James' "Historic Morgan," published in 1885, was the following:

"Mr. Barber tells us that upon first locating here he rented land a few miles west of town; did not raise a profitable crop the first year and footing it to Bond county taught school there in the winter of 1825. In the spring he was teaching in Morgan, in a log cabin school house on the Johnson farm a few miles west of where stakes were being set for the future Jacksonville.

He described to us a cyclone, or as they called it then 'hurricane' which burst upon this vicinity in April, 1825. The school house had a puncheon floor, and underneath an excavation which had been used for mixing mortar. There was terrible rain, hail and windstorm, so that everything in the cabin was wet. The books were put away where they could be best protected, and teacher

and scholars went outdoors to gather up hail and watch the storm. Mr. Barber looked south towards Lynn Grove, now Lynneville, and saw a funnel shaped cloud approaching. He had read enough of such to know what it meant to all in its path, so they re-entered the house and he and his one big scholar put all the little ones down into the mortar hole under the floor. The cyclone struck the neighborhood with great force, but not the school-house. Among the houses unroofed were those of Abraham Johnson (owner of the cotton gin, whose farm is now owned by Cortez M. Dewey) Robert James and Father Deaton. Other houses were unroofed or blown down, fences and trees being levelled to the ground, especially on the Johnson farm, and the storm cloud went on north and west until finally scattered." No lives were lost that Mr. Barber knew of.

Mr. Barber was twice married. First to Miss Belinda Willson, April 15, 1830. She was a daughter of Judge Aaron Willson, one of the best and most prominent of the earliest settlers of Morgan county. He built one of the first large frame houses in the county, where Norbury's Sanatorium is now, on the Mound road.

Mr. and Mrs. Barber were the parents of Charles, who was a farmer at Macon, this state, and died about forty years of age; Maria, who married Captain Otho D. Crizter, of Naples and Meredosia, and she went to Humboldt, Kansas in October, 1869, still residing there and in fine preservation of mind, although ninety years of age; and Mary, who married Henry H. Massey of Jacksonville. Both Mr. and Mrs. Massey have been dead for years. They left a daughter, Mrs. Mae Massey Amos (J. J.) now residing in Humboldt, Kansas.

Mrs. Belinda Willson Barber died about October 10, 1844.

Mr. Barber's second marriage, about February, 1846, was to Miss Maria Camp, daughter of Mr. George Camp, from Vermont state, a prominent and wealthy resident of Scott county, this state. They were parents of George Camp and Edward A. Barber, who were graduated from Illinois College in the Class of 1868. Mr. Barber's daughter, Maria, was graduated from Jacksonville Female Academy, and Mary from the Young Ladies' Atheneum; both institutions located in Jacksonville.

George C. and Edward A. Barber were bankers in Humboldt, Kan. George was afterwards a banker and postmaster in Oklahoma, dying at Prague, Oklahoma. Edward went to Kansas City, Missouri, from Humboldt, and afterwards to Fallon, Nevada, where he died.

George C. Barber came back to Illinois, to Champaign county, where he farmed for about ten years, and went from there to his last residence in Oklahoma. Edward Augustus Barber became a lawyer, practicing when he first went to Humboldt, Kansas. They were members of Sigma Pi Society, in Illinois College; E. A., becoming President of the Society, and G. C., treasurer.

All the Barbers were Republicans in politics.

Mrs. Maria Camp Barber survived her husband a few years. They were both buried in Diamond Grove cemetery here.

Mr. Augustus K. Barber, after his school teaching days, located at Concord in this county, having a large farm just west of the corporate line, to which he went in the early forties. There he was a member of the Congregational church until his removal to Jacksonville, in 1863. Here he became a member of Westminster Presbyterian church, in which he was soon made a Ruling Elder. This office he filled until 1887, when, owing to their age he and his wife went to Humboldt, Kansas, to make their home with their son George C. Mr. A. K. Barber lived about a year there, and his body was brought here and buried by his associates and the pastor of Westminster church.

Mr. Barber possessed a strong, clear and exact mind, and was much above the average of people in ability and knowledge. His residence was on West College avenue, facing the campus of Illinois, and next to Prof. Turner's.

CALLS ELECTION AT MURRAYVILLE

According to an announcement made yesterday by County Superintendent of Schools Vasconcellos, there will be a special election held in Murrayville on Saturday, April 29th. The question which will be put to a decision of the voters at this time will be whether or no Murrayville High School District No. 123, will be discontinued. The election has been called following the filing of a petition by the voters of the district asking that the matter be submitted to a vote of the people.

The election will be held on Saturday, April 29th with the polling place at the own hall. The polls will open at 8 o'clock in the morning and close at 4 in the afternoon.

Lee Tice of Mt. Sterling is moving to Jacksonville this week.

R. E. Allen of Waverly was a visitor to the city yesterday.

WHICH DO YOU NEED ?

There is a life insurance policy for every need. Check the form below that seems to fit your case; mail it to us; it may bring you information of value to you and your family.

☐ A Monthly Income for Life for Wife. Research shows that the average lump sum estate disappears in seven years; that 25% of the widows of the country are in want; that when the mother goes out to work the children suffer; that the chance of a child for life is 50% greater if it has a mother's care; that 99% of the boys in a reformatory are there on account of improvident home conditions.

☐ A Mortgage Policy. Your home, your farm, your business may be mortgaged. For a very small charge we pay off your mortgage at your death. With a home provided a mother will rear a family somehow.

☐ To Clean up Your Debts. A sum sufficient to pay off all personal debts, thereby leaving your estate intact for the support of your dependents.

☐ To Educate the Children. Less than 1% of American men are college graduates; yet 55% of our presidents, 36% of our Congressmen, 62% of our Secretaries of State, 69% of our Supreme Court Justices and 72% of the men in "Who's Who" are of that 1%. Will your children get the right chance?

☐ For Old Age. Statistics show that only 5 out of every 100 men alive at age 25 reach age 65 in comfortable circumstances; and it's safe to say that these five are comfortable because they prepared for their future in their younger days. Are you preparing for your old age?
